## The LIKAT Family

Seit seiner Gründung im Jahr 1952 in Rostock hat sich das LIKAT immer wieder verändert. Was sich nie änderte war die hohe Qualität der Forschung und Lehre und der damit verbundene gute Ruf seiner Absolventen. In der Folge finden sich heute auf der ganzen Welt Mitglieder der LIKAT-Familie – überall dort, wo gute Katalytiker gefragt sind.

Wie bei jedem Familientreffen gibt es viel Neues zu berichten. Alte Kontakte werden gepflegt und neue geknüpft. Vielleicht entsteht die Idee zu einem neuen Projekt. Auf jeden Fall macht es viel Freude für einen Tag wieder (virtuell) im LIKAT zu sein.

Since its foundation in Rostock in 1952, LIKAT has changed again and again. What never changed was the high quality of research and teaching, and with it the good reputation of its graduates. As a result, today members of the LIKAT family can be found all over the world - wherever good scientists are in demand.

As at every family reunion, there is much news to report. Old contacts are maintained and new ones are made. Maybe the idea for a new project is born. In any case, it is a great pleasure to be (virtually) back at LIKAT for a day.
